The January 2020 general meeting of the Santa Cruz Valley Car Nuts was held at Dominick's restaurant. The meeting was called to order by President Carol Shelton at 8:32 a.m. Members present totaled 56.

Carol was able to use the new larger portable microphone which was clearer and easier to hear.

Treasurer Art Mournian gave a financial report. He can be contacted if there are any questions.

Jon Stein introduced two visitors, Clete and Marta Jackson, who recently moved to Sahuarita.

New member, John Girton was introduced by Jay Lucas who is his neighbor. He has a 1933 Chevy that he has owned for 63 years. He purchased the car when he was fourteen years old.

No one had purchased any new cars and no cars were for sale.

Club member Tim Warlick gave a talk on his new home-made car that he has been designing and building. He started out building the frame. The motor is a 42 Horsepower 4 cylinder Diesel Kabota Turbo engine with a 69 VW Transmission with heating and air conditioning. The body is formed from styrofoam and the windows and doors were cut out and covered with many coats of fiberglass. He also explained the process of licensing it at the AZ DOT. Tim will have the car on display at the car show.

Art Mournian announced he will have a new design car club hat for sale at the car show with this year's t-shirt. Also, he and Phil Layton will be speaking on Radio Station KGVY 1080 AM and 101.5 FM Cracker Barrel promoting the car show and talk about Dennis Gage who will be filming the show.

**OLD MIKE, NEW MIKE, MISS DAISY****Thank you Ed Bigby or "Can you hear me now?"**

As some of you know our old microphone or "Old Mike" was giving "Old Carol fits. It would work and then not work. Ed worked on it and it worked for him – but not me. So we now have a new microphone that works. Thank you Ed!

I received the "New Mike" just a minute before our January meeting was called to order. I need to practice how the large speaker system should be placed for optimum benefits.

The speaker box is huge and is on rollers like a suit case. It rolls great, but I cannot lift it to my car. Thank you, Jay Lucas, for driving it home and I hope you are its new chauffeur. On the other hand, should I name it "Miss Daisy"?

**Warmth From The Heart Jacket Drive**

Arthur Mournian, our Treasure, made a plea for us Car Nuts to donate to this wonderful cause. Our club got this thank you note. In the note it said:

With our help we were able to distribute 2,200 jackets.

All of the jackets, sweaters and hats made a lot of people warm.

We had a fantastic collection and give-away. It was made special because of you.

Thank you Arthur. By: Carol Shelton

# Tim Warlick's Kit Car

Work in progress XR3 homebuilt, 3 wheeled, turbo diesel powered vehicle.

Started project with a set of plans December, 2012. Obtained title and license December 2019.

Road testing now.

Kubota 4 cylinder, turbocharged industrial diesel (44.2 bhp at 3000rpm) engine mated to a 1969 VW beetle transmission. Frame and all other parts made from scratch. Body made from 1 inch thick urethane foam glued together with liquid nail and caulking gun, then shaped by hand before fiberglassing both sides.

I have a few U-tube videos of early test drives, without body.

Planning on taking it to Tubac Car Show in two weeks. Still needs troubleshooting work and cleaned up.

## CHAMBER OF COMMERCE DIORAMA

Ann Ford helped me complete the diorama and car show information at the GV Chamber of Commerce. We were praised by the CEO and staff. We have a locked glass case containing information about the show and our club. There are also pictures of car shows in the past! Previous car club posters are posted at their entrance. Our timing was perfect as newcomers came in. Four or five couples were trying to find out what to do on "Snow Bird" time and we suggested our show and possible membership.

Please go visit the chamber, thank them and show support to them for community effort.

We are now the proud owner of two systems. I have again repaired our old system. The issue is a fresh battery in the microphone. I have supplied two extra batteries to have ready if needed.

In addition, I have purchased a more robust system that can be operated without electricity for up to twelve hours. It comes with two microphones. I will have both systems at our JANUARY meeting.

The new system is my donation to our club. I will help to get the new system fine tuned and show several people how to use it. By: Carol Shelton
