

NUTS & BOLTS

Santa Cruz Valley Car Nuts, Inc.
October 2018

FROM THE EDITOR

Cool weather has arrived and soon our winter visitors will be returning. The car nuts can't wait to welcome them back.

We are planning lots of things to do. Gary Ballew and Rich Marsula will be busy planning our January car show and will be having meetings often so that the 25th Anniversary car show will run smoothly.

On November 17 the car club will be the host club at Little Anthony's Car Show. This is the first day show. You should be there by 8am. Reserved parking will be available.

If you haven't signed up for the car show, you can go to car-nuts.org and click on the picture of the car in the square box and it will take you to our online registration.

25TH ANNUAL COLLECTOR CAR SHOW

The Car Nuts are looking forward to the 25th Annual Collector Car Show to be held at the Tubac Golf Resort and Spa in January 2019. But, let's step, oops, drive back to the Santa Cruz Valley Car Nut's first Collector Car Show.

This show was held on Friday, April 26, 1991 at the Green Valley Mall. It boasted free cola, 10 cent hot dogs, 5 cent ice cream and free admission. KGVY broadcast live in front of the long gone First Interstate Bank. The Car Nuts gave back to the community by requesting donations of non-perishable food for the local Food Bank.

This show boasted 30 fine vintage cars including a 1953 Kaiser Dragon, a 1948 Hudson, a 1936 Cady Convertible, a 1937 Zephyr Coupe, a 1966 AMC Marlin, a 1959 Edsel, a 1981 Dodge Roadster and a 1956 Continental Mark II, according to a news article published in the Green Valley News.

Now, let's visit our very first car show held at the Tubac Golf Resort: This was back in January 1994 and 118 cars entered. This information was provided by Joe D. Pierce, when he was President of the Santa Cruz Valley Car Nuts in a thank you letter written to the editor of the Green Valley News. He wrote the letter in 2003 comparing the 1994 show to the 2003 show.

He stated the 2003 show had 570 cars entered and filled the driving range at the Tubac Golf Resort. In the letter, President Pierce thanked the more than 100 members helping to create this event, the Sahuarita High School students who helped get the cars in their position and the Green Valley News for their great coverage.

We Car Nuts are presently planning our upcoming show, and obtaining volunteers. If you have not volunteered yet, please consider doing so. Contact Gary Ballew at Ballewtwo@aol.com or Rich Marsula at rich4015@comcast.net.

BULLITT – THE MOVIE THAT MADE THE CAR – THREE TIMES

In 1968 movie stars Steve McQueen, Robert Vaughn and Jacqueline Bisset made a thriller film with car chases through the streets of San Francisco. Lots of excitement, gun shots and twists and turns.

Lieutenant Frank Bullitt, driving a 1968 Ford Mustang GT pursues hitmen driving a 1968 Dodge Charger R/T. Bullitt forces the Charger off the road and it explodes into a huge fireball.

2001 - Ford decided their Bullitt concept version shown at the 2000 L.A. Auto Show should be produced. It had a 4.6 liter V-8 and they put a factory serialized identification on each one to verify it was a true collectible. It could go 0 to 60 mph in 5.6 seconds according to Motor Trend. They produced 5,582 in Dark Highland Green, Black and True Blue.

2008 – Ford unveiled this Bullitt Mustang GT making it more than an appearance package. They added 15 extra horsepower and a dual exhaust system to make it sound like Lieutenant Frank Bullitt's 1968 movie car. It could go 0 to 60 mph in 5.0 seconds also according to Motor Trend. They produced 5,808 in Dark Highland Green and Black.

2019 – In honor of 50 years since the movie, Bullitt, Ford is offering a special edition and if you have the money go order one. They finalized the price at \$47,495. Its top speed is 163 mph – WARNING: watch out for the law. Ford isn't revealing how many units will be built, but the colors will be Dark Highland Green and Shadow Black. Heck maybe the classic cue ball shifter may justify its cost.

CUBA'S CAR CULTURE

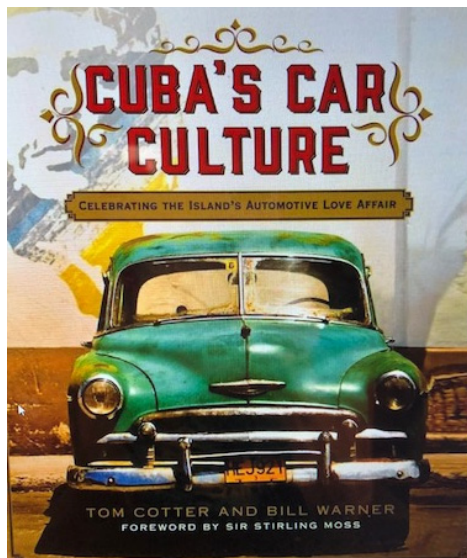

Those shiny travel brochures had me thinking, should I travel to Cuba? After all, with cigars and classic cars you can't go wrong, can you?

Known for having an abundance of classic cars, Cuba is an old school car museum. Thanks to Castro's four decades long grudge, and his ban on foreign vehicle imports no new cars came in. This led to the need to keep the cars they had on the road by using hand-built and improvised parts.

These cars shine and appear to be restored. Up comes the hood and no V8. It failed long ago. Cuban's have used so many adapted Chinese and Russian parts that they are nicknamed "Frankenstein's".

That travel brochure sure was pretty, but when I got to the small print and noted the price, I believe I'll just keep going to local car shows and see "restored" or "original" cars. I also ordered the book, "Cuba's Car Culture" written by Tom Cotter and Bill Warner. It was way cheaper than the trip and I got free shipping on Amazon.
